My dear Dr. Du Bois:

I am ashamed to discover that I have not answered your letters relative to the Encyclopaedia of the Negro. As a matter of fact I am hopelessly behind in my correspondence.

I agree with you that the time has probably come when such a collection of articles concerning the Negro Race in the form of an Encyclopaedia is in demand. Please let me say too that, if there is anything that I can contribute to such a work, I will be glad to do it.

Yours sincerely,

W. T. B. Williams
